

You can help these children breathe.

With its flagship “Lifeshine Respite Program” in Key West, Florida, Child Life Society offers Jewish children and adults with cystic fibrosis the greatest possible chance to breathe without struggle, minimize painful therapy and avoid hospitalization.

Child Life Society is now working to complete a new home in order to accommodate more suffering children on sponsored trips to this miraculous, medically proven therapeutic environment.

The Kew Garden Hills community would like to have a permanent partnership in this invaluable home. Please join us and help make this a reality!

Monday, Dec. 15th
75-02 137th Street
Flushing, NY 11367
8:30 - 10:00 pm

Looking forward to greeting you,

Moshe & Judith Engel
